

New Fall Goods are Arriving

Nearly every train brings in a shipment of new Fall Goods and we must make room for them and that means a final round up as it were of all remaining summer goods, the only thing that we can say now is that whatever there is remaining has been subjected to the most merciless price reductions and if you can possibly use the goods they are yours for a song. Early Fall Goods are occupying our attention now and we have made some very low prices as an incentive to you to come and buy.

MANY WATER DRUNKARDS.

Thousands of Men Attempt to Stave Off Heat by Aqua Pura System and "Get the Habit."

"Do you see that man across the street?" asked the doctor of a Philadelphia Press man. "Well, he is, in many ways, a most estimable person. He is attentive to his business and successful at it; he is a leader in his church; he is a good husband and father; he doesn't smoke and never touches alcoholic liquor. And yet that man—he doesn't know it, but it's true—he is a drunkard. How can that be? I'll tell you. He's a water drunkard. Fact. At this time of year there are lots of them who never suspect it. As the season grows hot they get to drinking more and more ice water and at last they literally 'get the habit.' They can't get along without the pleasant shock which is given their system every time they dump into their heated stomachs a glass or two of ice-cold water. It means the end of their digestion; it upsets their nerves and it ruins their tempers, but they like the effect—just as the ordinary drunkard likes the effects of alcohol—and so they must have it. Water drunkards, that's what I call them, and there are thousands of them in Philadelphia."

DOGS AND AUTOMOBILES.

After Canines Have Once Been Struck They Will Never Seek a Second Dose.

"A dog that has once come in contact with an automobile never goes back for a second dose," said a man who lives out on the Old York road, to the Philadelphia Record. "I know, because I have six. I mean dogs—not automobiles. See 'em limping around? Well, every one has been hit, and now they give the autos a wide berth. You'd think that after one or two had the experience they'd put the others next, but that's where the meanness of a dog's nature comes in. They say that every dog has his day. I suppose they regard experience as the best teacher. It's hard to figure the thing out; but, at any rate, every one of my six dogs has been struck, with more or less serious results, and now their curiosity is satisfied. They are quite content to let the machines whiz by, and save their backs until the danger is past."

ILLINOIS STATE LINE STOLEN

Lake Michigan End of Mark Disappears and Special Survey Will Be Necessary.

The Lake Michigan end of the state line between Indiana and Illinois has been lost or stolen, and the police of two states are hunting for it. The mark for years has been a stone at One Hundred and Eighth street and Indianapolis avenue. On one side was cut the word "Indiana," and on the other "Illinois." The stone was four feet long and two feet high, one and a half feet projecting above the ground. Not only has it been removed, but the hole from which it was taken has been filled, so no one can tell exactly where it stood. The police believe some householder, more thrifty than honest, has imbedded the stone in the foundation of a residence of used it as a base for a lawn flower pot. The next boundary stone is five miles inland, and a survey will have to be made from that point before the place for a new Lake Michigan mark can be established.

Experts Watching America.

The Australian and German governments both have experts in Colorado this summer studying the irrigation systems of the state. Colorado is acknowledged to have the best irrigation systems in the world, and the ideas of her experts are eagerly sought by the countries of the old world, which have to deal with arid land problems, in their colonies and at home.

Biggest Wedding Ceremony.

The biggest wedding occurred when Alexander the Great married Statira, daughter of the conquered king of Persia. By Alexander's orders 22,500 persons were made husbands and wives in the same ceremony. The groom was a Persian soldier and the bride a Persian woman.

Cured Hemorrhages of the Lungs.

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake, of Wood, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar and my lungs are now as solid as a bullet. I recommend it in advanced stages of lung trouble." People's drug store. dw

Abscess.

W. H. Harrison, Cleveland, Miss., writes, August 15, 1902: "I want to say a word of praise for Ballard's Snow Liniment. I stepped on a nail, which caused the cords in my leg to contract and an abscess to rise in my knee, and the doctor told me that I would have a stiff leg, so one day I went to J. F. Lord's drug store (who is now in Denver, Colo.) He recommended a bottle of Snow Liniment; I got a 50c size, and it cured my leg. It is the best liniment in the world."

ABSCESS, with few exceptions, are indicative of constipation or debility. They may, however, result from blows or from foreign bodies, introduced into the skin or flesh, such as splinters, thorns, etc. People's drug store. w

Beautiful Women.

Pump cheeks, flushed with the soft glow of health and a pure complexion, make all women beautiful. Take a small dose of Herbine after each meal; it will prevent constipation and help digest what you have eaten. 50c. Mrs. Wm. M. Stroud, Midolthian, Texas, writes, May 31, 1901: "We have used Herbine in our family for eight years, and found it the best medicine we ever used for constipation, bilious fever and malaria." People's drug store. w

New Jersey Editor's Testimonial.

M. T. Lynch, editor of the Phillipsburg, N. J., Daily Post, writes: "I have used many kinds of medicines for coughs and colds in my family but never anything so good as Foley's Honey and Tar. I cannot say too much in praise of it." Sold by People's drug store. dw

Doctors Could Not Help Her

"I had kidney trouble for years," writes Mrs. Raymond Conner, of Shelton, Wash., "and the doctors could not help me. I tried Foley's Kidney Cure, and the very first dose gave me relief and I am now cured. I cannot say too much for Foley's Kidney Cure." People's drug store. dw
